

George Thorogood & The Destroyers, Long Distance

(Well, you gonna do it or not?)

I'm your long distance lover
Got all the love you need
I'm your long distance lover, baby
Got all the love you need
Just call on me
Dial L-O-V-E

I'm your long distance lover
Got all the love you desire
I'm your long distance lover, baby
Got all the love you desire
I'll set your soul on fire
Across your telephone wire

I put my coin in the slot
My connection is hot
I'm ready to give you all the love I got
You're sittin' home, baby, all alone
I love doin' it over the phone

I'm your long distance lover
Got the love you need
Yeah, call on me
Dial L-O-V-E

I got you there on the line
I'm feelin' fine
Doin' this, baby, really blows my mind
I don't care about the telephone bill
Long distance lovin' is such a thrill

I'm your long distance lover
Got the love you desire
I set your soul on fire
Across your telephone wire

I'm your long distance lover
Got the love you need
I'm your long distance lover
Got all the love you need
Yeah, call on me
Dial L-O-V-E
