

George Thorogood & The Destroyers, Night-Time

Well I get up in the morning,
kick the covers from my bed
The sunlight in my eyes,
playin' tricks on my head
I work like a dog,
on the job every day
Tryin' to make some money,
so I can go and play

In the night time,
oh, that's the right time
I say the night time,
that's the right time
I wanna be with you,
in the night time

Well I come home from work,
you know I'm tired of the beat
I try to make some supper,
get myself something to eat
I jump in the shower,
wash the world off my back
I'm gonna get you baby,
that's a natural fact

In the night time,
oh, that's the right time
I say the night time,
that's the right time
I wanna be with you,
in the night time

Ah, come here baby,
got your radio turned down too low
Turn it up so you can hear what I'm saying baby,
now you got me turned on baby

Well eight hundred million people,
with nothing to say
They run around in circles,
they just living the day
Stick with me baby,
I'll show you how to fly
We'll make some pretty music,
watch the world go by

In the night time,
oh, that's the right time
I say the night time,
that's the right time
I wanna be with you,
in the night time
