

George Thorogood & The Destroyers, One Way Ticket

Got a one way ticket for ya baby
I don't want you comin' round no more
Got a one way ticket for ya baby
I don't want you comin' round no more
I done got tired, I done got tired baby,
Of the way you treats poor me

I had a stranger I met one time
I sweeted her to be my wife
I had a stranger I met one time, boys
I sweeted her to be my bride
When it get down to marryin'
You better speak once and think twice
You down to marryin' another man's wife

Any state you wanna go to
Bus station, airport, train station
I don't care
D-d-d-d-d-just as long as you leave here
Call a taxi for ya baby
I don't want you comin' round no more
Call a taxi for ya baby
I don't want you comin' round no more

Got a one way ticket for ya baby
Take your little self right on out the door

Take a tip from me
When you get down to marryin'
You better speak once
And think twice
You down to marryin'
Another man's wife
That wouldn't be too cool
