

Geos Crew, Look at All the Ravers

MAIN RAP

You got the h-a-r-d-c-o-r-e, that is hardcore
Now look at all the ravers hyping up the dance floor
Keeping it pure
Raw to the core
Ravers in the place just begging for more
Now keeping ravers happy is the name of the game
But it don't look like that, sometimes it's a shame
All they do is criticise everything that you do
Hardcore is for life, hardcore is for you
Here we go, keep it up, one time to the roll
The nation is alive as the music explodes
Into a colourful explosion of beats and breaks
The dance floor erupts while the speakers shake
I got a feeling in my body and I won't let it go
Got a feeling in my body from my head to my toes
Raise your hands to the sky as the feeling arrives
Hardcore is a drug
Hardcore will survive
