

# Gerald Levert, Made To Love Ya (L-O-V-E Remix)

I was made  
(well, well, well, well, well)  
ooooh  
To L and O and V-E you

## Verse 1

From the first grade  
I was diggin' you  
You was my girl, up to high school  
But you didn't know till that dude said hi  
and you jumped in his ride  
Babygirl, that really hurt  
left me standing there, kicking dirt

I was shoulder you leaned on, when you felt safe  
I came to your rescue and you still were taking that  
Girl I was down for, I even got clowned for you  
Today's gonna be my day  
Your gonna see....

## chorus:

I was made ( I was made)  
I was made  
To L and O and V-E you  
These lips to kiss you  
These eyes to see you  
These arms to hold you  
These hands to feel you  
To L-O-V-E you

## Verse 2

I'm a little older now  
and a little bolder now  
Ain't afraid to show you how  
It's gonna be going down  
Girl I'm your soulmate  
I was there when you were late  
Went at the doctor, played the daddy  
And I waited, and I waited for someone else's child  
(for somebody else's baby)  
Cuz I loved you (cuz I loved you)  
Baby I'm sick about you  
I just can't live without you  
I wish that you could see, you oughta be with me

## \*\*\*Chorus\*\*\*

## Bridge

He can't really love you like I do  
(Don't be hatin playa, just because you through)  
Girl, he want his cake and eat it too (No I don't)  
He ain't sharing none with you  
(Wait a minute, you don't know me dude)  
On the other hand, I got my tux and ring  
(Seems like you are tryin' to challenge me) yes i am  
She ain't saying I do  
(We can step outside, fool)  
What you wanna do  
(Hurt you!!)  
Girl I was made to love Yooooooooou.

Oh mama made me, daddy made me  
Just so you could be my lady  
To L and O and V-E you

(I was made to love you baby)  
These lips to kiss you  
These eyes to see you  
These arms to hold you  
These hands to feel you  
To L-O-V-E you
