

# Geri Halliwell, Desire

Im a sure-fire pussy cat  
I aint gunna tell you that  
Im giving myself away  
Youre a real catch thats a fact  
I aint gunna tell you that  
Baby I want you to stay  
My fevers high your tide is low  
Just dont forget to love me  
No no no no  
Whatever you sold me  
Whatever you feed me  
Its taking me over and over  
Im the cat that can fight it  
Whenever I need it  
Your kiss kills me with  
Desire  
Young gun youre the one  
Lift me up and take me on  
Just like you did in my dream  
Sweet man I know you can  
But I would never tell you that  
Baby Im diggin your scene  
My fevers high lets roll the dice  
But dont forget I love you  
No no no no  
Whatever you sold me  
Whatever you feed me  
Its taking me over and over  
Im the cat that can fight it  
Whenever I need it  
Your kiss kills me with  
Youre contagious, Im confusing  
We can take this anywhere we like it  
Youre amazing, so amusing  
Your kiss kills me with desire  
Whatever you sold me  
Whatever you feed me  
Its taking me over and over  
Im the cat that can fight it  
Whenever I need it  
Your kiss kills me with  
Desire
