

Geri Halliwell, Summertime

Sometimes I
Tiptoe by
I look for telly love
I understand
There's no such plan
That fits just like a glove

Feel a little high
Feel a little shy
You're the reason why I know

It's summer time
With sleepy eyes
I'm sorry, I'm sorry
Gotta dream in mind
Just in time
Don't worry, don't worry, no no no

So dry that tear
In the sun
Burn your skin we've just begun
A summer dream
Yes my dear
Chilling shadows disappear

Feel a little high
Feel a little shy
You're the reason why I know

It's summer time
With sleepy eyes
I'm sorry, I'm sorry
Gotta dream in mind
Just in time
Don't worry, don't worry, no no no

Dive on in to this foolish ocean
It's so full of love
Swim, swim with me
Don't wanna drown
Hold me baby
We're going down.

It's summer time
With sleepy eyes
I'm sorry, I'm sorry
Gotta dream in mind
Just in time
Don't worry, don't worry

It's summer time
With sleepy eyes
I'm sorry, I'm sorry
Gotta dream in mind
Just in time
Don't worry, don't worry

It's summer time
