

# Gerry Rafferty, When I Rest

When I rest  
When I lay down  
I got to call on you.

When I sleep  
When I don't wake up  
I got to call on you.

Don't let me hide, Don't take away me pride  
Remind me of everything that I don't wanna know  
Speak to my heart  
Help me make a start  
Don't leave me out here with nowhere to go.

When I'm lost  
When I'm blind  
I got to call on you.

When I cry  
When I break right down  
I got to call on you.

Don't leave me blind, don't leave me behind  
Don't leave me here to dream my life away  
I'm out in the rain  
And this world's insane  
Don't leave me here to waste another day.
