

Get Over It, Correct Dream Of Me

Oh weary night
Abate thy hours
Steal me a while for my own company

Let me sleep
For when I sleep i dream that you are here
Your mine and all my fears are left behind
I float on air, the nightingale sings gentle lullabys
so let me close my eyes

To sleep but chance to dream
So I can see the face I long to touch, to kiss
But only dreams can bring me this

CHORUS

So let the moon shine softly on the boy i long to see
and maybe when he dreams, He'll dream of me.

Hide beneath the clouds
Whisper to the evening star
They tell me love is just a dream away, dream away
I'll dream away

CHORUS

So let the moon shine softly on the boy
I long to see, and maybe when he dreams
He'll dream of me
oh oh oh oh dream of me
