

Get Over It, Hermia, Please Love Me

There's a girl who says she don't love me
So that's the girl that I got to have
I'll tell you why
She's everything a girl ought to be
And that is why
I can understand why she don't love me, no

Chorus:
Hermia, I'll make you love me
Hermia, I'll make you care
Never before
has a girl hurt me more
I'm beggin' Hermia
please love me
