

# Get Smart!, Face

White men  
Some wear silver  
Some wear gold  
Clean men  
Some are new  
Some are old

They bite  
They smile  
They can scare

Deciduous existence  
Is not fair

Two men  
One can see  
One cannot  
Blue men  
I can't help  
What I got

They sleep  
They stare  
They can cry

One thing's for certain  
They can't lie

There's too many people that  
I can't  
There's too many people that  
I can't  
There's too many people that  
I can't
