

Get Smart!, The Difference

Differences ignored
They'll get you in the end
Differences ignored
Nerves will bend
You push too far
There's nothing left
You push too far
There's nothing left

You make a bed
You dig a grave
You lie in a blanket it'll
Go away
You make a bed
You dig a grave
Under the covers
You've got it made

Differences ignored
Unforseen tragedy
Giving up is
Not the end
You make a bed
You dig a grave
Let's die again
Let's die again
Let's die again

You make a grave
You got it made
With differences you
Die indifferent
You make a grave
You got it made
Our differences just
Lie indifferent

Differences ignored
Unforseen tragedy
Giving up is
Not the end
You make a bed
You dig a grave
Let's die again
Let's die again
Let's die again
Let's die again
