

Ghost Of The Robot, Mad Brilliant

We are fed up
On this existence with you
Like a kick to the head
When I heard what you said
Did you ever consider
You are making us bitter
I guess you're justified
Because of your weak mind.

Chorus : When our lips first me
You didn't get the hang of it
I bet that you still kiss like me
You realise it when you hear this

You have managed to steer clear
For yet another whole year
Although I did see you
I only caught lies you threw
When you were there with your
Acceptance letter not even
Hugging your COOL boyfriend
Did you ever tell him?

Chorus

Realise it when you kiss
