Looking for the watcher in the sky

Evolutionary the optics for us
To get answers as to why
We signal to another dimension
That we stand here ready for reply

Communication is key
When you unlock to believe
Can you see what I see?

Looking for the watcher in the sky

The kaleidoscopean visions we've seen
Tell of bloodlines of top notch
The pre-destinated will dispatch
While your realm has rotted on our watch

Communication is key
When you unlock to believe
Can you see what I see?

Looking for the watcher in the sky

For the light of our savior
His machiavellian grace
And in the sheene of his splendour
There is a better place
