

# Ghoti Hook, All That I Am

It seems so long since we would waste away  
In the afternoon  
Give ourselves the reason for the need  
To shy away from what was true

So take  
All that I am  
And love me for this  
You know you can trust me when I say  
You don't have to try  
You already are  
Somebody different so don't  
Look at them and wait for change  
I know you're not the same

Who are they to you now that you have  
A life that you respect  
Old enough to know perfection is  
Something no one ever has

So take  
All that I am  
And love me for this  
You know you can trust me when I say  
You don't have to try  
You already are  
Somebody different so don't  
Look at them and wait for change  
I know you're not the same

Don't take this  
The wrong way  
But I can't help to notice  
You're trying  
Way too hard  
I don't want you... to... go

I can say these words I know  
I am just the same  
But we can't live  
Always looking back  
Wishing there was more to blame

Take all that I am  
And love me for this  
You know you can trust me when I say  
You don't have to try  
You already are  
Somebody different  
So take  
All that I am  
And love me for this  
You know you can trust me when I say  
You don't have to try  
You already are  
Somebody different so don't  
Look at them and wait for change  
I know you're not the same
