Gibson Brothers, Que Sera Mi Vida

Que sera mi vida. How I'm gonna live without your love if ever you should go. Que sera mi vida. How I'm gonna find my way alone if ever you should go.

How can I know what I would do if I was really losing you when it isn't true (when it isn't true)
How can I know how I'd react before I have to face the fact of a broken heart.

If you should go, go, go, go, go, go,...

Que sera mi vida,...

How can I see yopu miles away I know too well you gonna stay ev'ry night and day ev'ry night and day you never know just what you've got you only feel it means a lot when it's gone and lost.

If you should go, go, go, go, go, go,...

Que sera mi vida,...

Que sera mi vida?
