

Gigi D'Agostino, Elisir (Your Love)

Love
Love for me
Is love
Love for me

I call your name
I keep on looking for you
And I don't know
Don't know where we're going

Can't stop the night
It keeps on calling me
There is no way
No way to stop me falling

Believe in me
I can set you free tonight
You never ease it up

Oh, no
Something's taking over me!

Your love
Your love
Your love is on my mind

Your love
Your love
Your love is on my mind

Your love is for me
