

# Gigi Dagostino, Star

Yes i sit and wonder why  
you would tell me a lie  
and i stayed up all night  
yes all night  
Should have known from the start  
you would have torn me apart  
but as long as i  
can survive  
I'll keep waiting every night  
for you to walk back into my life  
Gotta a hole in my soul  
there's no feeling at all  
baby i need so much of your love  
Like a star you are so far  
but i need to find a place in your heart  
Like a star you are so far  
but i need to find a place in your heart  
wanderer star that you are  
how do you find a place in my heart  
wanderer star that you are  
how do you find a place in my heart  
Hold me close give me love  
baby i need to find my own paradise
