

Gil, I Need You

Yes I need you, yes I want you
Back in my arms again
Yes I need you, yes I want you
Deep in my heart inside
Time stands still, since you've been gone.
Just one more day, one more night
And you'll be back, back in my life
For forever and the day
Now I know, yes I know
Now I know that you've got someone else
Now I know, yes I know
Now I know that I need no one else

Chorus

Yes I need you, yes I want you
Back in my arms again
Yes I need you, yes I want you
Deep in my heart inside
There's no reason anymore
In my life, I know
My love will lead you into my arms
There's no reason anymore
In my life, I know
My love will lead you into my arms

Chorus

Now I know, yes I know
Now I know that you've got someone else
Now I know, yes I know
Now I know that I need no one else
Girl I need you, yes I want you
Here in my arms again
Yes I need you, yes I want you
Deep in my heart inside
There's no reason anymore
In my life, I know
My love will lead you into my arm
There's no reason anymore
In my life, I know
My love will lead you into my arms
There's no reason anymore
In my life, I know
My love will lead you into my arms
