

# Gilby Clarke, Let's Get Lost (Gilby Clarke / Jonathan Daniel)

Lost in time no time in space Never thought wed ever fade  
This ain't the blues This ain't nothin new

Are we fallin off again Someone pushed us from the ledge  
No crime no sin We just don't fit in

Lets get lost Lost in Space Just two people a little out of  
place Nothing's wrong Everything's fine Just lost in time

Woke up in a lost and found Don't understand the here and  
now This aint my world Glad you're in my world

Lets get lost Lost in space Just two people a little out of  
place Nothing's wrong Everything's fine Just lost in time

Sorry it don't get better Lets burn all the bridges we cross  
Sorry it don't get better Lets burn all the people we know  
This ain't the blues This ain't nothing new

Lets get lost This ain't the blues Lets get Lost This ain't  
the blues Lets get lost This ain't the blues Lets get lost  
Lets get lost Lets get lost Lets get lost Lets get lost Lets  
get lost lets get lost Lets get lost Lets get lost This ain't the  
blues
