

Ginuwine, Why Did You Go?

*~*Chorus*~*

Why did you go
Why did you leave
Why did you take your love from me
What did I do
What did I say
Why did you take your love away
Why did you go
Why did you leave
Why did you take your love from me
Somethin' I said
Somethin' I've done
Why did you take your love away

*~*Verse 1*~*

I've been single
Been lonely
And hatin' every second of it baby
I can't sleep right, one mo' night
Cause' I miss the lovin' from my lady
I would give up almost anything to get you back into my life
Baby I'm sorry for whatever I've done
And I want you to be my wife

*~*Chorus*~*

*~*Verse2*~*

What's the problem
Can we talk baby
I thought our love was real and true
You can tell me
I'm all ears girl
There's nothin' that we can't get though
What ever the problem is we'll work it out
Don't break up a happy home
Life is nothing without our love to share
And I don't want to be alone

*~*Chorus*~*

*~*Verse*~*

The memories
Are 2 much 2 bear
I'm so in love with you
And I'm about to lose my mind
Don't know what I've done to make you leave me baby
But I'll be true to u if you come back to me

*~*Chorus 'Til Fade*~*
