

Ginuwine, Why Not Me ?

"why not me"

can you tell me
can you tell me
why not me
am I too ghetto for you
(ghetto)
do I have player written accross my forehead
(hell no)
I wanna say some things that I know you heard
(you heard)
baby I know you heard these things before
but why?
why...
not me?

Why not me?
Is that I'm too ghetto for you?
Why not me?
Girl there's nothing I won't cop for you
Why not me?
I'm here to give you all you dreams
I'm dedicated
No time wasting
I'll fulfill your every need

It ain't a thang
I'm far from lame
Girl it's all to the good
You're by yourself
I'm all alone
and we're both from the hood
You're playing hard to get now
That's probably why you're by yourself now
But I caught your eye when you walked by
And you persist to try
to entertain
All of them thangs that you probably just heard
None of it's true
it's all made up
and baby that's my word
don't believe a thing you hear now
The haters are always on my back now
But you feel me and this I know
So won't you just let go
Tell me why

Why not me
Is that I'm too ghetto for you
Why not me
Girl there's nothing I won't cop for you
Why not me
I'm here to give you all you dreams
I'm dedicated
No time wasting
I'll fulfill your every need

I'd like to think that I am a good guy
so tell me why
Not me
Can't blame you though if all you're ex-
Boyfriends did you shady
But don't take that out on me girl
Oops I got to take it back it's your world

Baby I'm just that guy I'll show you why
If you just give me one try
you tell me lying
I'm telling you I don't get down like that

Can't play the role
Or play myself
just got to get in that
I got a little money
I spit game to the honeys
But you're all a nigga needs
I won't give you chicken feed

Why not me
Is that I'm too ghetto for you
Why not me
Girl there's nothing I won't cop for you
Why not me
I'm here to give you all you dreams
I'm dedicated
No time wasting
I'll fulfill your every need

You should tell me something, something
Can't imagine me just wanting
Put your cards out on the table
Baby I'm willing and able
Picture that me dippin on you
What the use if I'm up on ya
I'm the one you searched so long for
Give me one chance you'll want no more

Why not me
Is that I'm too ghetto for you
Why not me
Girl there's nothing I won't cop for you
Why not me
I'm here to give you all you dreams
I'm dedicated
No time wasting
I'll fulfill your every need
