

Girls Aloud, Blow Your Cover

Don't blow your cover, honey
Some things a man shouldn't see
Lean on your sisters and me
You can't go wrong

Don't show that sucker your soul
He'll get his hands on your gold
You won't know how much he stole
Until he's gone

Don't blow your cover, honey
Some things a man shouldn't see
Lean on your sisters and me
You can't go wrong

Don't show that sucker your soul
He'll get his hands on your gold
You won't know how much he stole
Until he's gone

My sunshine, beat him up good for me
Been a long journey, long car ride
Chillin' ain't good for me
My sunshine, beat him up good again
Been a long journey, long car ride
Chillin' gives me the best

If you wanna be, I got some
If you wanna buy, I don't pay
If you wanna feel all my fun
'Cause if it's in my eyes I got game

If you wanna be, I got some
If you wanna buy, I don't pay
If you wanna feel all my fun
'Cause if it's in my eyes I got game

Don't blow your cover, honey
Some things a man shouldn't see
Lean on your sisters and me
You can't go wrong

Don't show that sucker your soul
He'll get his hands on your gold
You won't know how much he stole
Until he's gone

Girl you're getting Chivas
Sweep that dirt off the street
Sexy seorita makes your move to the beat
Sure to meet your maker
Made up freaks in your heart
So let the music take ya
That's where you make a start

I need your doo-doo-doo
I can't hear what you say
I need your doo-doo-doo
Say what?

I need your doo-doo-doo
I can't hear what you say
I need your doo-doo-doo
Say what?

Don't blow your cover, honey
Some things a man shouldn't see
Lean on your sisters and me
You can't go wrong

Don't show that sucker your soul
He'll get his hands on your gold
You won't know how much he stole
Until he's gone

Don't blow your cover, honey
Some things a man shouldn't see
Lean on your sisters and me
You can't go wrong

Don't show that sucker your soul
He'll get his hands on your gold
You won't know how much he stole
Until he's gone

Go, girl
Girl, you gotta go
Go, go
Don't hold tight
Tell me how to know
No, no

Go, girl
Girl, you gotta go
Go, go
Don't hold tight
Tell me how to know
No, no
