

Girls Aloud, Close To Love

Dust dust dust dust
Dust dust dust d-dust

"Got so close to love
I can almost taste the kill
Barely close enough
But I could not make the deal

Got so close to love
I can almost taste the kill
Barely close enough
But I just can't close the deal"

I was Snow White til I started to drift
Baby I didn't care til I saw you there
And your manner made my animal kick
But I just didn't dare, call me crazy yeah

Everything I ever had to lose
Is standing in the way of me and you
Panic built these walls in front of me
And nothing but my heart can set me free

"Man get up"
We're gonna start this fire
"Tangled up"
Because I know I should
"Can't get up"
Watch the flames go higher
"Tangled up"
We're gonna need more wood

"Man get up"

Dust dust dust d-dust

I'll confess I'm in a real big mess

With the guy I love but I can't say yes
Now my only bet is to take a plane ride west
Cos I can't regret what I ain't done yet

Man with the chemical stare, hands off
Guy with the terrible hair, back off
Dude with the look in your eye, leave it
Man with the beautiful ride, beat it
