

Girls in Hawaii, Catwalk

Wish today you never met
We could say it all I tried
You're kidding

Wish today never met
Cause we could said it all I tried
No way, I don't care if you do, cause I had decided

Mmh Catwalk, down away, you may dare, gone away
Mmh quiet in paradise

Where to go, don't we grow
In my head, don't you know
Here we grow, where to time
We don't care I've no time
Mmh I don't know

We get someday
