Glamour DJ's, Feel Like A God

I shine just like the sun To each and everyone There's nothing for me that Can't be done And if someone's in need Just shout my name please I'll be the hero you need Ohhhhhh

I feel like, feel like a god baby
(I am the alpha and omega)
I feel like, feel like a god baby
(Like Zues on Olympus my might will shake ya)
I feel like, feel like a god baby
(Baby, b..b..baby)
I feel like, feel like a god baby
(b..baby, b....b....baby)

I shine just like the sun
To each and everyone
There's nothing for me that
Can't be done
I turn the grass from brown to green
The skies and water are clean
If you believe I know one day
You will say

I feel like, feel like a god baby
(I am the alpha and omega)
I feel like, feel like a god baby
(Like Zues on Olympus my might will shake ya)
I feel like, feel like a god baby
(Baby, b..b..baby)
I feel like, feel like a god baby
(b..baby, b....b....baby)
