

Glaskas, All I Really Care About

The distance around the world
aint very far
but the journey is a long, long road
to show us who we are
and some of us don't even find our self
but some make it to the stars
yeah we make it to the star

but all i really care about is that i'll mis you tonight
and how i wish that i
that i could hold you tight
and your so far away
and i'm so close to giving up
and your so far away
but so beautiful
i'll never forget your face

People call me crazy
and they call me out of line
but i know that i'm good to know
if you just take the time
and i'm sure that you can relate to that to
if only you wern't so scared
to be the real you

but all i really care about is that i'll mis you tonight
and how i wish that i
that i could hold you tight
and your so far away
and i'm so close to giving up
and your so far away
but so beautiful
i'll never forget your face

All i really care about is you yeah you
All i really care about is you yeah you
and i'm broken for you yeah you
and i'm broken for you yeah you

Please don't leave me alone again
Please don't leave me alone again
Please don't leave me alone again
Please don't leave me alone again
Please don't leave me alone again
Please don't leave me alone again
Please don't leave me alone
don't leave me alone
don't leave me alone agian
