

Glass Tiger, Dont Forget Me

do you hold your breath
When you look in the mirror
Stealing years it takes
Not a giver
Have you taken refuge
From its charm
Do you cry as dreams
Go past you forever
Of things you've done
Of all that you never
Living in the shadows
Of the stars

CHORUS:

You're in ecstasy,
Ecstasy,
Ecstasy, ... forever
With crying eyes you tell me
You're leaving
Aging mind are you still
Believing
Breaking my heart I know what
You're feeling
I can't stop the mirror
From stealing
I have taken refuge from its charms

CHORUS:

Now you're in your golden years,
Your golden years
