

Glassesboys, Move On (ft. Craig Smart)

Look what you done to me
You left me broken and without a thing
You took my heart and threw away the key
Then you walked out the door, can't take it anymore

I always thought you would be my girl
But then you went and took my life girl
My world is upside down without your love girl
Where do I go?
I just need to know

Why can't my heart get over you?
It should be an easy thing to do
Why can't I move on with my life?
Why can't I move on, move on, move on, with my life?

The devil in disguise
But all I saw was heaven in your eyes
I couldn't find the truth between the lies
Your love is dead and gone, but I just can't move on

I always thought you would be my girl
But then you went and took my life girl
My world is upside down without your love girl
Where do I go? I just need to know

Maybe I will wake up someday and all the pain
I feel will be gone
But right now, all I know is that I'm still hurting.
I just can't move on
Yeah
I can't move on, no
I can't move on
I can't move on
I can't move on

Why can't my heart get over you?
It should be an easy thing to do
Why can't I move on with my life?
Why can't I move on, move on, move on, with my life?
