My my woman she treats me like my woman should yeah she does  
Well she's good as a woman can be anything to satisfy me  
Yes oh what a woman she treats me uncommonly good  
Well she cleans my house she sews my britches scratches my back everytime it itches  
Cooks my food and has my youngun's makes me proud that she's my woman yeah&amp;it;B

Well some fellows don't know when they take a wife  
Just what kind of woman they're stuck with for life  
Now I've known men who took their spouse  
And she wound up wearin' the britches in the house&amp;lt;BR&amp;gt;
