

Glen Phillips, Don't Need Anything

I've got gardens growing, got quiet days
Clothes on my back and food on my plate
Got friends to help me if I call for them

Well I don't need anything that I don't have

I've got eyes to see this beautiful land
Feet to take me where I want to stand
If there's work to be done
There's these two strong hands

Well I don't need anything that I don't have
I don't need anything that I don't have

And some years the rains don't come
Some years floods clear out the plains
But if those waters wash this town away
I would still have enough
If she was with me

I've got a roof overhead, stars if I choose
But I've no need to fly, I've got no itch to move
I've got almost nothing, but I understand

That I don't need anything that I don't have
I don't need anything that I don't have
