

# Glenn Hughes, Days Of Avalon

If I was lost, the last time around  
There will be a beautiful place that I've found  
I'll go away someday  
Behind the veil  
Can't u see, now let me be  
You don't have 2 wait for me

I know that I've been sometimes wrong  
I feel my faith is growing strong  
There is a place that I belong  
These are the days of avalon

I'm not scared anymore  
And I don't resist  
There's a voice inside of me  
That I'll never be  
And I won't be afraid  
The autumn wind howls

Can't u see my soul is free  
You don't have 2 pray for me

I know that I've been sometimes wrong  
I feel my faith is growing strong  
There is a place that I belong  
These are the days of avalon

And I don't want 2 take  
Too much of your time  
cause I got this feelin' that can't be denied  
Cry at the window  
When I'm walkin' away  
U know when I can be found  
U know where I can be found

It's beautiful, it's beautiful
