

Glenn Hughes, Death Of Me

Burn your sign into my skin
Nail the box and throw me in
Take the coins from my eyes
Plow me under like my friends

Lock the cell and kill the sun
Let me cook until I'm done
Drown my soul in love and rage
Until I kiss the loaded gun
"this is the death of me I know"

Shoot the horse from under me
Blind my eyes till I believe
You've broken both my loving arms

Pull the rope and set me free

"this is the death of me I know"
"this is the death of me I know"

Slam the spike into my vein
Sentence me and forge the chain
Numb my conscience
Steal my dreams
Stretch me on your open flame

"this is the death of me I know"
"this is the death of me I know"
