

# Glenn Hughes, Lay My Body Down

I've been travellin' for so  
many days  
thru' the valleys I have gone  
I've been searchin' in so many  
ways  
for the things that I have  
done

now I ask you - do you love me  
and don't tell me any lies

Chorus:

I will keep on ridin' in the  
early morning light  
'til they lay my body down

behind the conscience of every  
man  
is a thing we all must trust  
as I look across the land  
I see shadows in the dust

so how can you judge me  
when you don't know me  
I know you'll miss me when I'm  
dead and gone

I will keep on ridin' in the  
early morning light  
'til they lay my body down

so close your eyes and you  
will find me  
i'll be watching over you  
I will be with you, you'll feel  
my spirit  
I know your faith will put you  
thru'

now, I ask you - do you love  
me...
