

Glenn Hughes, Souldution

Bad kid, messin' with smart kid
What do you got? Looks like trouble
Easy on the oneside
The other's a wise ride
Seems to be confusion

Walk to the right
Walk to the left
Walkin' down midstreet, illusion
Slow down, the heat's on
Got to see delusion

Slow down, you talk too fast
Shut your mouth
What has to be done?

No confusion
No illusion
Changing fusion
It's called Souldution

Street light, bad sight
What do you got? Trouble
Waitin' on a inside, get you on the outside
Seems to be confusion

Step to the right
Step to the left
Walkin' down midstreet, illusion
Slow down, the heat's on
Got to see delusion

No confusion
No illusion
Changing fusion
It's called souldution
