

Glenn Hughes, The Other Side Of Me

I don't know what u been told
What I feel is in my soul
cause what I want I got for free
It's all I need 2 satisfy me

Now I just want 2 make u see
And I don't need no sympathy
And I just want 2 break on thru
And what am I supposed 2 do?

Right on mr., turn your light on me
Back off sister, won't u let me be
Catch my spirit, won't u set it free
Now can u see the other side of me?

I woke up in a velvet room
That's when I heard the sonic boom
I don't want no dope and smoke
I think I'll tighten up my stroke

Right on mr., turn your light on me
Back off sister, won't u let me be
Catch my spirit, won't u set it free
Now can u see the other side of me?

I don't want 2 give it up
cause I just bleed that funky stuff
I might want 2 play the fool
More tv's in the swimming pool

Right on mr., turn your light on me
Back off sister, won't u let me be
Catch my spirit, won't u set it free
Now can u see the other side of me?

Right on mr., turn your light on me
Back off sister, won't u let me be
Catch my spirit, won't u set it free
Now can u see the other side of me?
