

# Glenn Kaiser Band, Mercy

mercy came calling today,  
God knows i needed to see her  
courage left me out in the lane,  
beat up and runnin' without her

she told me sit down, you made a mess of things  
she was right  
she said, you got to slow down,  
don' need ta stay out all night  
mercy

mercy reached out,  
put her arms around me  
kissed me and seemed at home  
i said don't leave me, looked in her eyes  
she knows who i am an' knows what i done

mercy came callin' today an'  
i think it's the only way  
i can sleep easy, or even sleep at all

mercy came singing tonight,  
she called me out to dance  
her sweet grace brought me delight,  
it's so much more than romance  
she took me right to it,  
i didn't think i could do it  
that old dragon's gone, mercy slew it

oh mercy put her arms around me,  
kissed me, she seemed at home  
i said don't leave me, i looked in her eyes,  
she knows who i am an' she knows what i done

she forgives but she doesn't deceive me  
oh mercy don't leave me  
the radio here by my bed doesn't ring anymore in my head  
mercy!

mercy came callin' today,  
God knows i needed to see her  
she came callin' today,  
God knows i needed to see her  
callin' today, oh callin' today,  
mercy came callin' today
