

# Glenn Lewis, It's Not Fair

Cant believe  
that the heart of my world  
got me on my knees  
prayin' my eyes are lyin to me  
i built a whole new life around you  
and in an instant we were through  
as our future disappears  
falling like tears  
are the dreams of a love  
i thought we shared and

[Chorus:]  
It's not fair  
i was true to you  
i finally settle down  
then you go turn around  
and betray the trust i had in you  
it's not fair  
after all i treated you  
respectable, with care  
said that you'd be there  
now who am i to turn to

Man, I trusted you  
and this what I get in return  
you was like a brother to me  
but now is see you was just waitin your turn  
when i'd be out at work y'all was doin dirt  
stealin my heart away  
shared everything with you  
all i was goin through  
now dark skies and tearful eyes  
are here to stay

[Chorus]  
After all i sacrificed  
for my seed, said you'd give life  
with everything i am wanted for you  
to be happy, and now slowly  
the life of love you breathed into my heart  
is slipping away, dying today, if only  
never thought i'd live to see  
disrespected me, how could it be  
throwin it away so easily.

[Chorus]
