

# Glenn Medeiros, Lost For Words

I know it's been a while since i looked in your eyes  
and I told you how much you mean to me  
and I know it's been a while since i saw you  
smiling so sweetly the way it used to be

and if there were times you felt that I didn't care  
I want you to know I always needed you there

'Cause I'm just a man in love with you  
who can't find the way to tell you it's true  
If only my heart could speak  
You'd surely have heard  
But somehow when it comes down to you  
I'm lost for words

You were always there giving your love and affection  
through the sorrow and the pain  
Every moment I'm with you gives me reason  
to make it through another day

I never meant to hold these feelings inside  
I only knew I need you here in my life

'Cause I'm just a man in love with you  
who can't find the way to tell you it's true  
If only my heart could speak  
You'd surely have heard  
But somehow when it comes down to you  
I'm lost for words

What can I do baby  
There's a wall of silence  
I've got to break it through  
'Cause I couldn't stand it if you walk away  
Isn't that love I could not see

'Cause I'm just a man in love with you  
who can't find the way to tell you it's true  
If only my heart could speak  
You'd surely have heard  
But somehow when it comes down to you  
But somehow when it comes down to you  
I'm lost for words...

Oh, no....  
I've got to break it through...
