

Glenn Tipton, Fuel Me Up

Don't pass me by
Without a drop
Just step across
And fill my cup
Gimme more
It's not enough
Rejuvenate me
Fuel me up
Running drier
Every day
Low on gas
High on octane
See the needle
Running hot
Once you start
It's hard to stop
Galvanise me
To the spot
Immunise me with
Everything you've got
Don't pass me by
And never stop
Step across and
Fill my cup
Gimme more
It's not enough
Rejuvenate me
Fuel me up
Are you big enough
To take it
Cos now you'll pay
Pick me up if
I fall I just need
Some more fuel
Don't you understand
My need creates demand
Running drier
Every day
Low on gas
High on octane
See the needle
Running hot
Once you start
It's hard to stop
Galvanise me
To the spot
Better give me
Everything you've got
Don't pass me by
Without a drop
Just step across
And fill my cup
Gimme more
It's not enough
Rejuvenate me
Fuel me up
Don't preach to me
I wont O.D.
You talk too much
Shut the fuck up
And fuel me up
I never stop
I wouldn't last
I'd never rock
