Gloria Estefan, Primitive Love

No one in love It's all a hassle What's done is done Now it's my turn to have some fun You're much too sly Don't give me alibis I don't want to know I don't want to know CHORUS Primitive love; I want what it used to be I want it; Primitive love Primitive love; I want what it used to be I want what it used to be; Primitive love I want. I need **Primitive Love** Don't have to worry I don't want your money I don't have to think Right now you've got me at the brink This is goodbye For all the times I cried Don't want no more Don't want no more **REPEAT CHORUS** Is it right, or is it wrong Primitive drums Call me backward into stone Pack up and leave I'm not yours to deceive Don't want you no more Don't want you no more REPEAT CHORUS
