

Gluecifer, Dog Day, Dog Night

Im on the nightshift I got a hate gift
Im gonna settle this thing
Im on a dark and shitty mission gonna deliver that sting

When I punch the clock you know Ill be the rock that falls on you
I got a book of tasks, a toolbelt and I know what Ill do

Dog day, dog night
Im gettin dark wanna shut out the light
Dog day, and a doggie night
Dog bark, dog bite
Unchained and Im feelin allright
Dog bark and a doggie bite

When no-one sees you Im gonna squeeze you
and hold you up in my court
Coz Im gonna be the winner when they read the final score

When I punch the clock you know Ill be the rock that falls on you
I got a book of tasks, a toolbelt and I know what Ill do
