

Gluecifer, Go Away Man

Im down and out now
sittin in a stupid chair
seems that Ive been swappin crap for years

Just a little noddy
chewin on my bread
Little scmoozy-woozy want you dead

In a shitty mood
Go away man
Want no rocky talkin coz Im screwed
gotta go gotta go gotta go gotta, gotta go gotta go gotta go

On a loner thing
Go away man
coz what you say cant make the rock-bell ring
gotta go.....

Ive heard your records
and Ive read your zines
Ive got it up to here but you dont know what I mean
Just a motor-mouthie
with a borin twist
No-goodnik meant for nothin makin me so fuckin pissed

Wanna eat my cheese, wanna read my sleaze
dont wanna analyze it , shut it coz Im greased
