

# Gluecifer, Go Away Man

Im down and out now  
sittin in a stupid chair  
seems that Ive been swappin crap for years

Just a little noddy  
chewin on my bread  
Little scmoozy-woozy want you dead

In a shitty mood  
Go away man  
Want no rocky talkin coz Im screwed  
gotta go gotta go gotta go gotta, gotta go gotta go gotta go

On a loner thing  
Go away man  
coz what you say cant make the rock-bell ring  
gotta go.....

Ive heard your records  
and Ive read your zines  
Ive got it up to here but you dont know what I mean  
Just a motor-mouthie  
with a borin twist  
No-goodnik meant for nothin makin me so fuckin pissed

Wanna eat my cheese, wanna read my sleaze  
dont wanna analyze it , shut it coz Im greased
