

# Gluecifer, It Won't Be

I dont know-- what youre lookin for  
I dont knowjust what youre lookin for  
Well I can try, and I can try some more  
I still cant give you what youre lookin for

It wont be like you want it be

Ive been laid out as a son of the sun  
Ive been read like a book and Im ready to run  
Ive been a fire on a full-moon night  
Now Im readin like a zero and I feel alright  
Hey hey hey hey now baby,  
I dont care what you think about me  
cause it wont be like you want it to be

It might seem a little hard to get  
It might seem a little hard to get  
But its the end its the end of this set  
I know it seems a little hard to get

It wont be like you want it to be

(repeat chorus)
