

# Gnarls Barkley, Storm Coming

I could paint a picture with a pen  
But a song will only scratch the skin  
And there are still places I haven't been  
Because I know what's in there is already in the air

Oh yeah, there's a storm on the way  
There's a storm on the way, alright  
There's a storm on the way, uh huh  
And it's comin' no matter what I say  
(And I come, I come, I come, I come)

Hey, hey, hey, there's truth in the thunder  
Love in the lightning, the feeling is frightening  
Yeah, isn't it exciting?  
I'm something like stormy weather  
If I weren't we would never  
Huddle together, do I have to tell you  
That I'm also the sunlight, that shines shortly after?  
I just rain cause I have to, on to another chapter  
I wish you lots of laughter  
Til the next time you see me  
Just remember you need me, I'm the storm coming  
(And I come, I come, I come, I come)  
Oh C'mon (And I come, I come, I come, I come), c'mon

Run towards the hills to avoid the high flood  
I can do a dance that'll make the sky cry blood  
Skills provoke, and seals will be broken open  
All that's left to do is try my love, wooooooh

When I sing it's a cyclone  
I'm writing a raging sea  
Searching for a sign of life  
Is it safe to say it's me?  
Listen to our lives  
The wind will whisper the way it is  
I am going to happen, what a lovely day it is  
Don't ask why  
Just live, and, die
