

Gnarls Barkley, The Last Time

[Verse]

All work and no play
That's the way it is, ain't it?
There's a rhythm deep inside of you
And you must get reacquainted

[Hook]

When was the last time you danced?
When was the last time you danced?
Well come rock with me baby
Dance with me darling
Step with me sweetheart
The world is watching

[Verse]

Under an endless sky
Wish I could fly away forever (and ever)
And the poetry is so pure
When we are on the floor together (it's been a long time)

[Hook]

[Bridge]

Don't deny me any further
Let me have my way
Oooh, come closer, yeah
Let's dance the night away

[Hook]
