

Go:Audio, Why

It's been two weeks since I've heard your voice,
But it echo's in my mind,
Your lipstick marks still on my cup
that you left behind,
Maybe it's me or can you feel this?
It's killing me just to know,
Im telling you now please be straight with me,
And don't say I told you so
Strangest feelings,
words can't say these,
I'm so restricted
I wish I knew why,
Just let me know now if I'm wrong or right,
Don't lie, cos I know that's what you do,
Come on I don't mind,
Tell me what you really want to say,
A sign,
Tell the truth, just what you mean,
I wish I knew
The greatest actor can't conceal the way they feel inside,
It's written on your face so clear,
Like smiles and tears entwined
Looking back to when I kissed you I opened up my eyes,
Nothing compares to the way i felt with you,
there that night
Strangest feelings,
Words can't say these,
I'm so restricted
Why,
Just let me know now if I'm wrong or right,
Don't lie, cos I know that's what you do,
Come on I don't mind,
Tell me what you really want to say,
A sign,
Tell the truth, just what you mean,
I'm sorry but it's true,
I didn't know anything about it,
It's not too late to work it through with you...Just me and you
I wish I knew
(why)
Just let me know now if I'm wrong or right,
(Don't lie)
Cos I know that's what you do,
I wish I knew
Why
Just let me know now if I'm wrong or right,
Don't lie, cos I know that's what you do,
Come on I don't mind,
Tell me what you really want to say,
A sign,
Tell the truth, just what you mean,
I wish I knew
