

Go Fish, I Can Live With That

If I was a rich man
And I had lots of money
Then I would buy you everything
That you could want honey
But I'm not, no, you know I'm not, yeah

And if I had a sweet car
For every drive we took
Then I would buy some sweet shades
So everyone would look
But I don't, no, you know it's killing me I don't, yeah

Chorus
'Cause baby there's a lot of things
That I know I will never be
But I can live with that
As long as you're with me

Now if I was a dog, baby
You could call me Rover
And I would have a doghouse
And you could come on over
But I'm not, no, hey you know I'm not, yeah

And if I was a cowboy
Then I would wear a hat
And you could be my cowgirl
Now I could go for that
But I'm not, no, no you know I'm not, yeah

Chorus

Now if I was a smooth man
Well I would have the ticket
I'd take you to the dance floor
And baby we would kick it
But I can't; you've seen me and you know I can't

Chorus

If my name was Jack, baby
You could be my Jill
And we'd be rockin' steady
Fetchin' water from that hill
But I'm not, no, hey you know I'm not, yeah

Chorus
