

# Go Fish, Until The Stars Fall

Well, I know we see  
The same blue sky  
But theres a different shade of blue  
Between you and I  
And I want to say  
Whats on my heart  
But you might not see the light  
Until you know the dark (Til you go thru the dark)  
It may be miles away  
It could break thru today

Are you gonna wait till the stars fall  
from the sky?  
To call on heaven  
Whats it gonna take to make you realize?  
The life were given here is not the end  
Believe and it begins  
Are you gonna wait til the stars fall  
from the sky?

I pray somewhere  
There will come a time  
Hope and doubt will crowd you  
Closer to the line  
And the truth will dawn  
Like the light of day  
And in that moment you will  
Take a leap of faith  
It may be miles away  
Or today could be the day

Chorus

Everything we see reveals  
The one who made it so (Look around you)  
And even God himself came down to show  
The lengths that love will go...Chorus

Are you gonna wait til the stars fall from the sky?  
Will it take the dark to make you see the light?  
Are you gonna wait til the stars fall from the sky?
